

SPEED START 1812 12V code 829512

Battery-powered starter suitable for 12V starting of cars, vans, trucks, boats, agricultural vehicles, power sources etc. When connected to the cigar-lighter outlet it maintains the voltage on all circuits during battery changes and is also a 12V power source for use in emergencies. Fit with a safety switch for starting, it does not damage the electronics of the vehicle and allows for a large number of starting operations before being recharged. Speed Start can be recharged using the special power supply, connected to the mains network, or using the cigar-lighter outlet of the vehicle (for the safeguard of the battery, charge for 12 hours before use, charge again after each use and every 3 months in any case). Complete with 230 VAC - 12 VDC power supply, positive-negative cables with clamps, 3,6W lamp, plug and cables for cigar-lighter.

B AUTOMOTIVE
